Name: \_\_\_\_\_

Question 4

/5

Match the following resources with the correct explanation of their function.

<input type="checkbox"/>	1.Map Levels	A.Highlights the code corresponding to a web page element when hovered over in the Preview Area.
<input type="checkbox"/>	2.Level instructions	B.These may introduce small pieces of new content. Each level features a "Do This" section explaining what students are supposed to do in that level.
<input type="checkbox"/>	3.Level Tips	C.These may turn green but does not guarantee correctness. Green only means a student clicked Continue or Finish for a level.
<input type="checkbox"/>	4.Inspector Tool	D.Map Levels: Contain text and diagrams explaining content. These are helpful student resources, not class readings. They are a good place to go for review after learning content or when you get stuck in a level
<input type="checkbox"/>	5.Bubbles	E.Students can click these in the instruction areas of lessons. Students should use these as a first place to check for help before talking with peers or a teacher.

Name: \_\_\_\_\_
